

Mandatory Language for Monitoring/Reporting Violation
Failure to Submit a Disinfectant Level Quarterly Operating Report (DLQOR)
MONITORING, ROUTINE, MAJOR/CHLORINE

The CITY of ROXTON water systems PWS ID 1390014 has violated the monitoring/reporting requirements set by Texas Commission on Environmental Quality (TECQ) in Title 30, Texas Administrative Code (30 TAC), Section 290, Subchapter F. Public water systems are required to properly disinfect water before distribution, maintain acceptable disinfection residuals within the distribution system, monitor the disinfectant residual at various locations throughout the distribution system and report the results of that monitoring to TECQ on a quarterly basis.

Results of regular monitoring are an indicator of whether or not your drinking water is safe from microbial contamination.

This/These violation(s) occurred in the monitoring period(s) **second quarter of 2025.**

We are taking the following to address the issue:

The report has been submitted

Please share this information with the people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

If you have questions regarding this matter, you may contact: **Craig Hatanville** at **903-346-3535**
